Contact your Instructor: Dr. Rogier A. Windhorst.

Office Hours: Monday 12:00-1:00 pm (Backup: Thursday 12:00-1:00 pm).**Office:** GWC-508.**Mailboxes (for Prof. Windhorst and all TA's):** Room PSF-686.**Phone:** 480-540-0816 (cell; use any time when needed during corona virus episode; if I don't pickup rightaway, leave a msg, or your phone number will get flagged as spam, and then you can't call me again). When normal operations resume: 480-965-7143 (office hours) or 480-965-5081 (outside office hours).**Email:** Rogier.Windhorst@asu.edu

Because Prof. Windhorst is swamped with Emails re. AST 322, he apologizes that he cannot answer them individually. However, he WILL report your issues to the TAs every week and update the webpages accordingly, and/or discuss them in class, if necessary, so please keep an eye out for modified webpages (see the ``Pages last updated'' to the left), and be in contact with the TAs to get all your questions answered.

In general, we do not reply to your Emails when: (1) the answer is on this class website (make sure to click on all buttons on the left for all your answers --- some PDA browsers do not display these buttons); (2) we already discussed the issue in class (make sure to attend all lectures); (3) you can instead ask the question in class, so all can benefit from the answer; or (4) you asked about your grades by phone or Email, since it is illegal for us to out any grades over the phone or by Email (all grades will be posted via Canvas). In other words: most of your Emails will get answered on this webpage, via Canvas, or verbally in class, and not by Email. The TAs and I **will** respond in person to Emails related to you having to miss class or H/W-sets due to, e.g., serious illness or death in the family, that students can document in writing.
